Enterprise Learning Management for the **Connected Workforce**

The ALPN program offers participating partners three primary income opportunities...

## **Multi-portal Asentia LMS Account:**

- Partner receives a brandable, multi-portal Asentia LMS account at no-cost
- Partner may demo their own custom learning content in a live Asentia LMS environment, as well as host brandable LMS portals — within their partner account — to their customers on a short-term basis.
- Partner will be charged a flat, per active portal fee on a monthly basis. Partner is free to mark up the active portal fee to their customers.

## **Asentia LMS Referral Bonuses:**

- Partner will earn a one-time commission for any customer referrals (“leads”) that result in the close of a dedicated Asentia LMS subscription.

## **Resell Our Platform:**

- Partner may offer Asentia LMS white labeled as their own, implementation, UI customization and LMS administrative services.
- Partner is free to mark up LMS subscription to customers
- Partner will receive support from us in services to client.

An LMS solution that **delivers value** to both you and your customers.

The next-generation Learning Management System from ICS Learning Group, [Asentia LMS](#) takes 10 years' of award-winning learning management expertise to new heights.

## Naturally Mobile

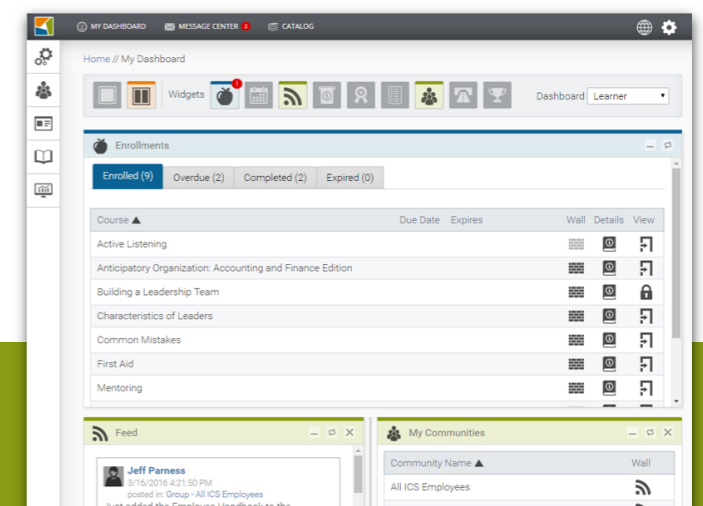

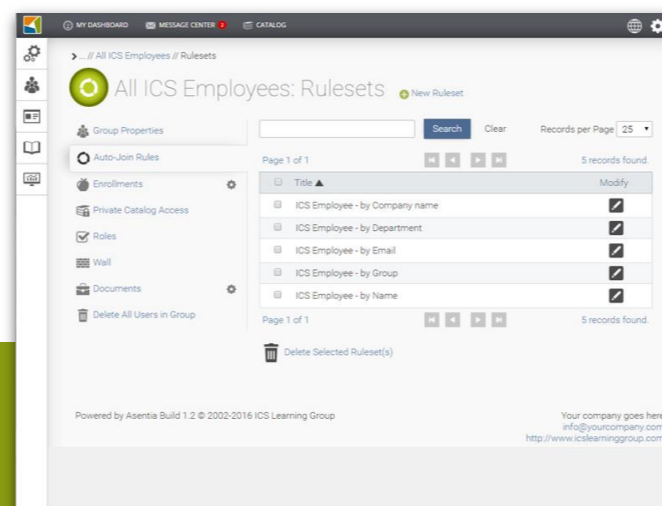

Asentia LMS a mobile-responsive user experience that naturally extends the reach of Blended Learning and On-The-Job training assessments.

## Intelligently Automated

Workflow automation rules let Asentia LMS handle (and scale) the most mundane activities — letting your learners, managers and administrators focus on what matters most.

## Simply Beautiful

Asentia LMS uses a contemporary interface design to ensure that audiences have a learning experience on par with their favorite online apps — professional or personal.

The Asentia LMS Partner Network (ALPN) program is designed to enable learning service providers and custom content developers to:

- Easily provide current and future customers with a flexible, “one-stop shop” learning solution — content, technology and services.
- Create a new, recurring revenue stream through short-term or long-term LMS portals — great for limited time compliance, new product launch or ongoing training initiatives.
- Generate additional services revenue through LMS implementation, customization, migration and administration service offerings.
- Earn referral bonuses on dedicated, longer-term LMS customer subscriptions — you make the connection and we do the closing.

Don't let learning management get in the way of **great learning**.

Thank you for your time and interest in the Asentia LMS Partner Network (ALPN) program...

Our next steps together:

- Conduct virtual demo and Q&A session for Asentia LMS
- Review and execute ALPN program partnership agreement
- Provision Asentia LMS partner account
- Complete Asentia LMS partner on-boarding
- Start selling (and generating more revenue!)
